Junior Organic fruit, Herbs and vegetables, product specialist (40 hours per week)

We are looking for a talented, hands-on junior or senior product specialist in organic fruit and vegetables, who has a strong affinity with fresh organic products, sustainability and who is eager to develop him/herself in a fast-growing, innovative, international organization.

Your challenge

In this role you will actively learn the fresh products trade on-the-job. The main goal of the role is to make sure our organic produce supply chain runs smoothly from A to Z. In this versatile and dynamic role, you will support our daily operation as well as purchasing and sales. You will play an active role in order management and customer contact on one hand and quality control and reporting on the other hand.

You combine excellent organizing skills with a proactive, entrepreneurial mindset. You are positive and energetic and you like to roll up your sleeves to get results. If needed, you are willing to help out in the workplace where our fresh products are sorted, weighed and packed. You can quickly adjust to unexpected circumstances, finding creative ways to solve issues, taking into account the interests of all parties involved. You will be part of our commercial team and report directly to our director. You will be based at our office in Breda next to the train station. If needed, you will also be in touch with the colleagues and management at our warehouse in Poeldijk.

Your role

- Actively support the daily operation of our organic produce from A to Z.
- Provide purchasing and sales support.
- Prepare and manage orders.
- Maintain active relationships with customers and other stakeholders in the supply chain.
- Visit growers in Europe and Overseas.
- Streamline, work out and digitalize current processes and propose pragmatic solutions for optimization.
- Support new systems implementation and design.

Your profile

- You have a HBO work and thinking level;
- Preferably, you have relevant experience in a similar position in the fresh organic business;
- You want to make an impact and be part of sustainable vision focused on Organic produce
- You have strong affinity with organic fresh fruit, Herbs and vegetables
- You are eager to develop yourself and to grow our organic organization.
- You have affinity with systems and processes;
- You are fluent in Dutch. Proficiency in English and German is a big plus;
- You show a hands-on, proactive and results oriented attitude;
- Your communication skills (both oral and written) are strong. You have the ability to communicate with different people on different levels;
- You bring a positive, no-nonsense attitude.
- You are willing to work flexible hours, depending on the amount of work that needs to be done.

Do you recognize yourself in this profile? Then this could be the next step in your career!

Who we are?

Bee Organic was founded in 2002 as one of the pioneers in organic fruit distribution in Europe with a special focus on organic and fair-trade banana's. Over the years we have evolved into an innovative player in the organic fruit and vegetables business. We want to make organic fruit and vegetable products accessible to every consumer. We offer the tastiest organic fruits and vegetables, continuously working to make the value chain more efficient, fair, and sustainable every day. In our journey we focus on marketing digitalization to help use maximise our impact for all our stakeholders.
